## Statement

To whom it may concern:

We, Anhui Deepblue Medical Technology Co., Ltd located at 4<sup>th</sup> floor D-1 Zone, Pearl Industrial Park, 106 Innovation Avenue, Hi-tech Development Zone Hefei 230088, Anhui, China. Here to confirm that:

Our COVID-19 (Sars-CoV-2) Antigen Test Kit (Colloidal Gold) was been validated by UK PHE Porton Down. And the test kit have been tested against the VOC1 Kent, UK, B.1.1.7 and VOC2 South Africa, B.1.351. Porton Down did not identify a reduction in sensitivity in the Deepblue Antigen Rapid Test Kit against either the UK Kent variant or the South African variant.

And we also confirm that our Antigen test kit is detecting the N Proteins, and able to detect the current new mutated viral strain including Brazil and India delta variant, we will also keep validate it with any new variants.
